Spot 301  
the right side  
of the building

323 CHAPEL ST. UNIT 301  
OTTAWA, ON, K1N 7Z2  
613-209-2806

# WHAT IS A NEUROPSYCHOLOGICAL ASSESSMENT?

A neuropsychological assessment is like a brain adventure! 🚀

You'll get to solve puzzles, answer cool questions, and even draw and memorize fun things. It's all about discovering how your amazing brain works! 🧠✨

And guess what? There are zero needles involved—phew! 🙌

It's more like playing brain games and having interesting chats. Plus, it helps your parents and teachers understand how to cheer you on in the best way possible!

Got questions? We're all ears—ask away!
